1. Suggest ways to improve profession readiness of the students for industry *

We should teach them complex thinking skills, we should focus not just on whether students have learned material, but where it will take students later in future.

2. Suggestion for the improvement in the overall integration of the course work w.r.t. syllabus. *

We must round out the curriculum in detail and interconnect each subject of semester's assignments to upgrade the quality of submission on upper level each time.

3. Any suggestion that the Institute to undertake or develop labs, tools, additional software, training or anything that you feel is needed for the excellence of the students. *

In the view of excellence of the students we must ensure the different services like electricity, internet etc. are in working condition and timely maintenance of Labs, tools equipments etc. and Encourage students to take participation in different Inter-college technical events, events like MASA etc.

Please indicate your degree of agreement against each statement by choosing, the most appropriate response out of 1 to 5 range:

The responses made in this form are as per my opinions.

a) The Vision, philosophy & objectives of the institute are known *

| | | | | |
|-----------------------|-----------------------|-----------------------|----------------------------------|-----------------------|

Feedback is regularly obtained from students, teachers, employers, and alumni at the end of each semester. The feedback's objective is to receive recommendations and remarks regarding the syllabus. After analyzing the received feedback, a decision is made regarding the appropriate course of action.

Analysis of recorded student feedback for the academic year 2021-22 twice viz. for Term I & Term II. The total number of student's feedback received is 163 for Term - I AND 114 FOR Term - II.
